CLINICAL SKINCARE

US Obagi Experts, Aimee DeMarais & Loni Blevins visit Dubai to take center stage at Public & Private Seminars.

Their visit began with the Obagi Skin Health Seminar, which took place at Al Murooj Rotana Hotel, Dubai on Monday, October 15 2012. Fifty VIP patients attended the exclusive event to listen to Aimee & Loni highlight the benefits of using Obagi Products for different skin care needs. After answering numerous questions from the audience, delicious canapés and mocktails were enjoyed by all in the sophisticated ballroom foyer.

The following evening, Aimee & Loni gave an informative presentation on the latest Obagi Clinical Studies to seventy doctors from the Derma Club in the InterContinental Abu Dhabi. The event concluded with Dr. Sherif Matter introducing the NextCell Vitamin Supplements developed by Dr. Suzan Obagi before all members sat down to a delightful dinner.

The Dubai visit wrapped up with Aimee & Loni conducting a Training Event at Obagi MediSpa, in The Dubai Mall. Obagi employees from each branch – Abu Dhabi, Sharjah and Al Ain spent the afternoon sharing product knowledge to ensure patients receive up-to-the-minute professional advice on Obagi skin care and systems. A day relished by all.
